

Business Voice

YOUR BUSINESS. FULLY CONNECTED.

TitanNGN's Unified Communications solution keeps your business connected everywhere work happens — in the office, remote, or on the move. Designed for reliability and simplicity, it brings calling, meetings, messaging, and mobility together on one platform. No hardware hassles, no complicated setups.

WHY BUSINESSES CHOOSE TITANNGN'S PHONE PLATFORM TIME & AGAIN

Seamless Communication — Anywhere, Anytime

Make and receive calls from your desk phone, laptop, or mobile device. Keep every message, voicemail, and meeting in sync so you never miss an opportunity.

Simple to Manage

From one secure web portal, you can add users, view call history, configure features, and monitor performance, all without needing IT support.

Reliable by Design

Backed by a geo-redundant, active-active network architecture, your business stays online even in the face of local outages or internet interruptions.

Smarter Connections with Integrations

Connect your favorite tools. Sync presence with Microsoft Teams and integrate with CRMs like Salesforce, HubSpot, Zoho, and ServiceNow for faster, more personal interactions.

EMPOWER YOUR TEAM

99.99% uptime,
carrier-grade reliability
you can count on

HD voice and video
built for clarity

Local, U.S.-based
support 24x7x365

Scales easily as your
business grows

UCAAS KEY FEATURES

HD Voice & Video Meetings

Clear, professional communication every time.

Call Recording & Analytics

Monitor quality, improve training, and capture key insights.

Text Messaging (SMS/MMS)

Send and receive business texts using your main number.

Voicemail to Email

Read or listen to messages from your inbox.

Mobile & Desktop Apps

Stay connected on any device with a consistent, easy interface.

Web Portal Control

Monitor quality, improve training, and capture key insights.

Auto Attendants & Call Queues

Route calls automatically and reduce hold times.

Team Chat & Presence

Instantly see who's available and collaborate in real time.

Built-in Security

Encrypted signaling and media for total protection.

INTEGRATIONS THAT WORK WHERE YOU WORK

Microsoft Teams Integration

Make, receive, and transfer calls directly inside the Microsoft interface — while maintaining full platform control.

CRM Integrations

Integrate with Salesforce, HubSpot, Zoho, or ServiceNow for screen pops, click-to-dial, and automatic call logging.

MOBILITY WITHOUT LIMITS

Whether your team's in the office, working remotely, or traveling, TitanNGN's mobile and desktop apps keep everyone connected, with access to the same tools, contacts, and call features anywhere.

STAY CONNECTED. STAY PRODUCTIVE. STAY SECURE.

Your business phone system should work as hard as you do, and ours never takes a break.
